EDITORS' MESSAGE

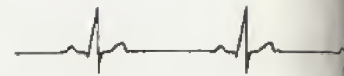

Our high school years are some of the most memorable and crucial years of our lives. Throughout high school we are confronted with changes as we make the transition from childhood to adulthood. Our activities, classes and teachers help to shape us into *vital* members of society. When we enter adulthood we will become more influential in our world, but for now, we are the *Vital Signs* of what is yet to come.

We, as editors of this yearbook, hope that this book will serve as an everlasting memory of a time in our lives when we were full of strength, *vitality* and hope for the future.

Sincerely yours,
The Editors

DEDICATION

Abraham Lincoln. Baseball. Taunton history. Capital punishment. Childhood memories. These are some of the various topics of discussion you might overhear as you pass by Room C-306. In addition to the more traditional history lessons, Dr. Hanna teaches us to be *vital* members of society, and in the process, becomes a *vital* part of our lives. The Class of 1992 is proud to dedicate this edition of the Taunton High School Journal to Dr. William F. Hanna for these and many other reasons, compiled from October's dedication ballots.

"For all his help, advice and friendship that will carry us far beyond high school."

"Dr. Hanna has totally changed my whole outlook on history."

"He has contributed a great deal to the senior class. He helped with the prom, goes to the sporting events, and helps with research papers. He is also a great teacher, well-liked by everyone."

"Because Dr. Hanna teaches more than just history, he teaches local pride, awareness and responsibility."

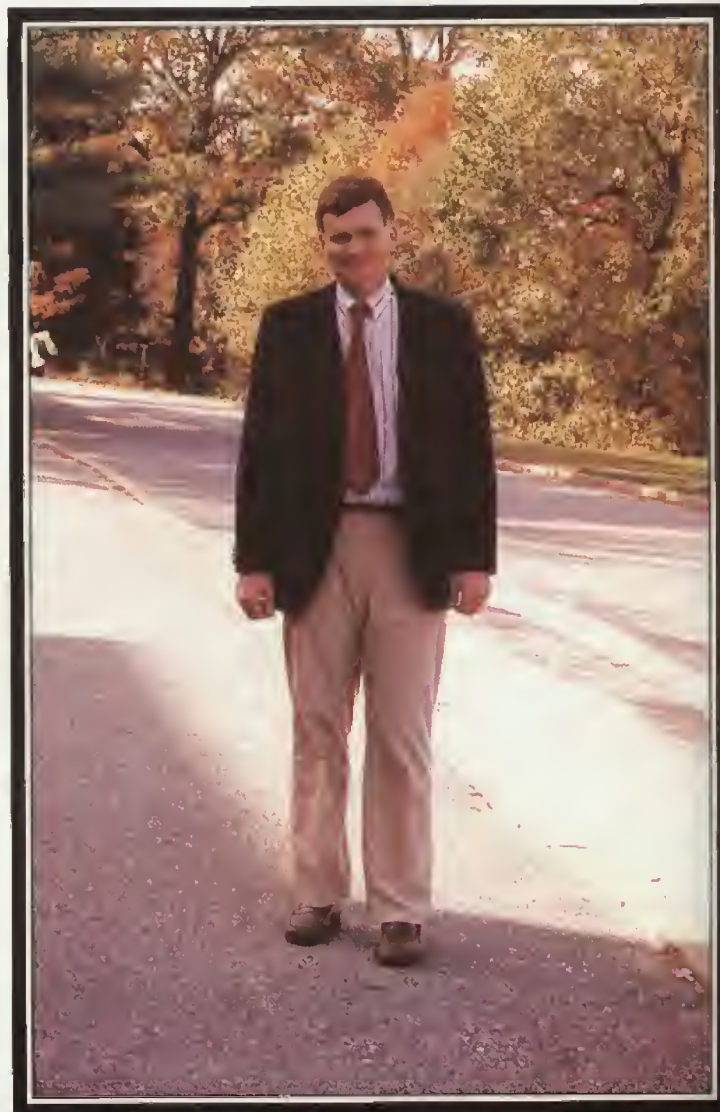

"He made me realize how important history could be and made class fun at the same time."

"Not only is he the best history teacher that ever lived, he makes even Germans from Stuttgart love his stories about Taunton and President Theodore Roosevelt!"

"...gone above and beyond helping the Class of '92... a wonderful person with an incredible amount to offer his students and friends."

"He has done a lot for our class... Also he is a very spirited teacher."

"He's not only a teacher, but also a friend."

CANDIDS

You have brains in your head.
You have feet in your shoes.
You can steer yourself
any direction you choose.
-Oh, the Places You'll Go!
Dr. Seuss

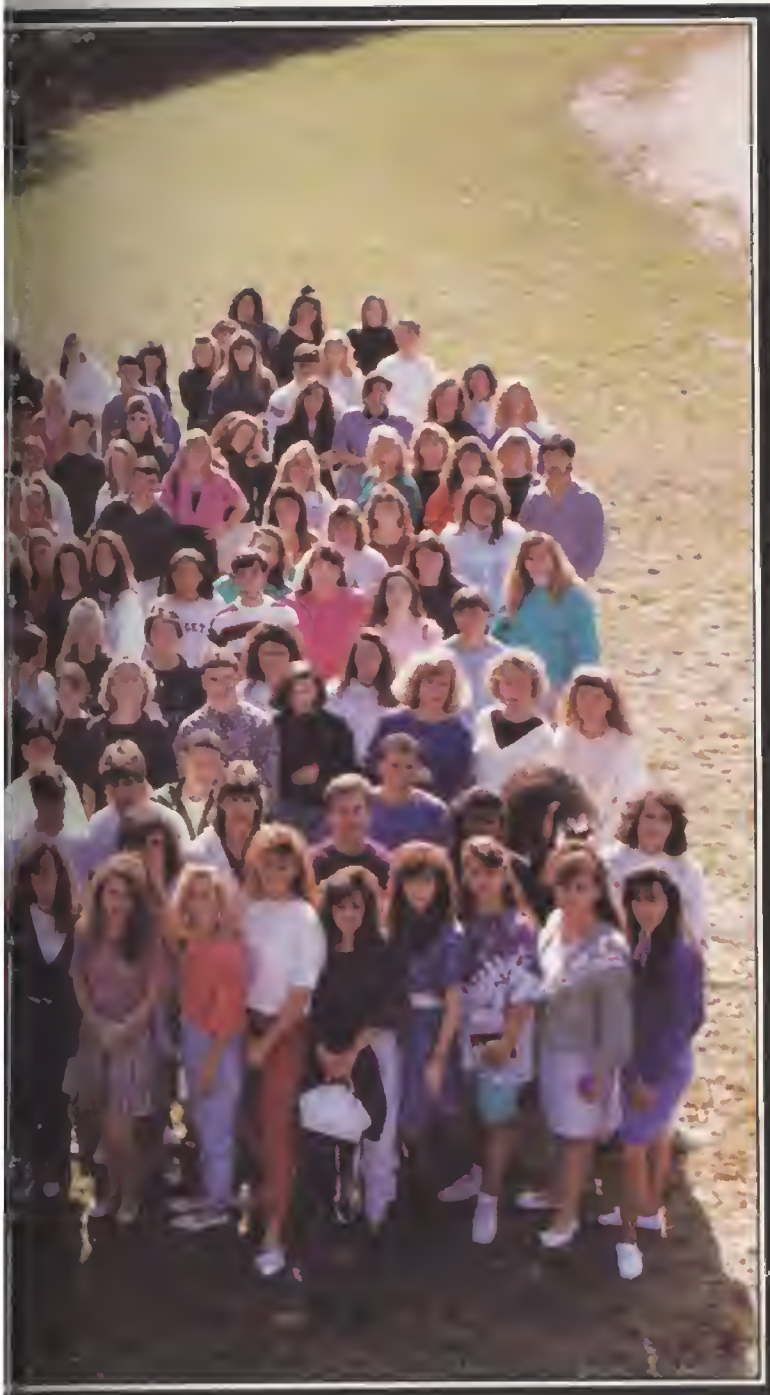

When I leave home
to walk to school,
Dad always says to me,
"Marco, keep your eyelids
up
And see what you can
see..."

But when I tell him
Where I've been
And what I think I've
seen,
He looks at me and
sternly says,
"Your eyesight's much
too keen."
-Mulberry Street
Dr. Seuss

You're on your own
And you know what you know
And you are the guy
Who'll decide where to go. . .

And when things start to happen
Don't worry. Don't stew.
Just go right along
You'll start happening too. . .

OH, THE PLACES YOU'LL GO!!!

Just never forget to be dextrous and deft
And never mix up your right foot with your left. . .

So. . .
Be your name Buxbaum or Bixby or Bray,
Or Mordecai Alli Van Allen O'Shea,
You're off to great places!
Today is your day!
Your mountain is waiting
So get on your way.
-Oh the Places You'll Go
Dr. Seuss

If you never did you should.
These things are fun and fun is good.
-One Fish Two Fish
Dr. Seuss

From near to far
From here to there
Funny things
Are everywhere.
-One Fish Two Fish
Dr. Seuss

Look at me!
 Look at me!
 Look at me now!
 It is fun to have fun
 But you have to know how.

Today is gone.
Today was fun.
Tomorrow is another one.

SENIOR CLASS POLL

1. Do you believe that any THS publication should be censored?

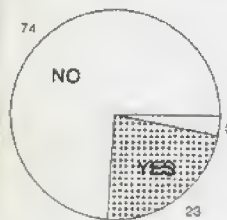

"Yes, in the past, publications have been interpreted as reflecting the views of the school as a whole."

2. Should certain classes or clubs be given special privileges?

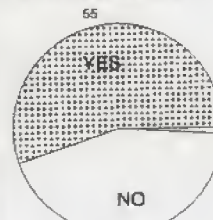

"Yes, if there aren't any privileges then there is no incentive to join a club, or get good grades."
 "No, no one is 'better' than anyone else." — Tracy McElroy
 "For seniors only, not clubs, because not everyone can stay after school, but everyone eventually becomes a senior and gets their turn."

3. Should religion be recognized in school?

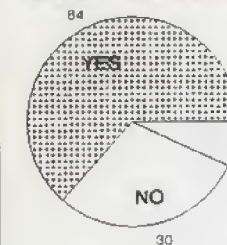

"No, we live in a society that proclaims separation of church and state, otherwise to recognize religion is to violate that status."
 "Yes, religion is a part of the world and to be educated is to be exposed to all aspects of life and to then make decisions."
 "Prayers at graduations in public schools should be allowed, however Bible readings should not be part of the curriculum/school day."

4. Should it be mandatory to stand for the Pledge of Allegiance?

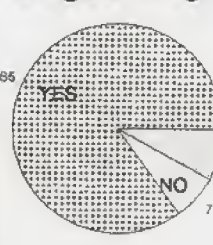

"Yes, because that is showing respect to our country, men in the war, and to ourselves."
 "No. 1) It's a free country. 2) The mention of God defies separation of church and state. 3) People don't understand what it means." — Karen Wood

5. Should students be tracked into honors, academic, standard, and fundamental classes?

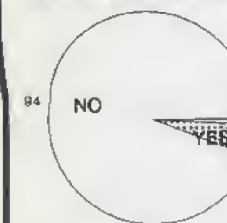

"Yes, it allows for maximum education, ridding students of both boredom and frustration."
 "No, tracking makes students have a low self-esteem. They feel they'll never be as smart as the 'Honors' kids. Also, they don't try as hard because not as much is expected from them."

6. Do you think that the Infant/Toddler Program is a good thing?

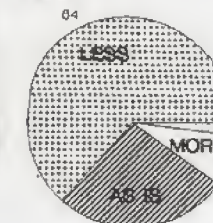

"Yes, it gives the mother a good chance to get an education and still be close to her child." — Brenda Rose
 "No, because if girls are able to have sex, they are old enough to get out of school and work for that child." — S. Galindez
 "Huh, what's the Infant/Toddler Program?"

7. Should students be denied admission to college because of their financial situation?

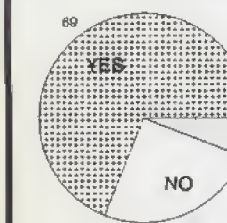

"No, how does the United States government, as well as its citizens, expect us students to come ahead and be the best in the world, and at the same time make it impossible for some to do? It is a form of discrimination allowing only the rich to receive an education." — Adam Bart
 "Yes, it's a business, you must pay."

8. How much emphasis should be placed on the SAT?

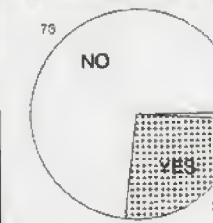

"Less, standardized tests do not measure a student's full potential."
 "As is, people who want to succeed will."
 "Actually, none at all. The test is biased, it's basically for white middle class people."

9. Should condoms be distributed in schools?

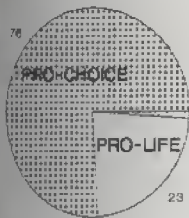

"Yes, it would decrease pregnancies, AIDS, diseases, and such. And it would make it easier for students that have sex to get them and use them." — Tracy McElroy
 "Yes, they should be available somewhere in the school, maybe in the Access Center or the nurse's office, where students can also get all the information needed."
 "No, they are made available enough, if you're responsible and mature enough to have sex, you can be just as responsible to get your own."

10. Should the legal voting age be lowered to sixteen-and-a-half ("Motor Voter")?

"No, I think the maturity level and ability to determine who's better for what reasons is terribly lacking at age sixteen." — Patrick Vincent
 "No, monkeys can be trained to drive, should they vote?" — Burt Brady
 "Yes, we are all subject to who's in office, so why shouldn't we have a say on who's our leader?"
 "Yes, anybody who is taxed has the right to vote."

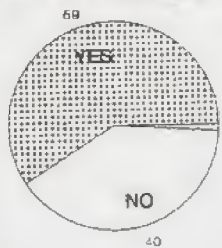

11. Are you pro-choice or pro-life?

"Definitely pro-choice! Keep it legal and most important, SAFE." — Karen Wood
 "Pro-life, it's killing a human being that had no fault and there are many other parents who would care for it."

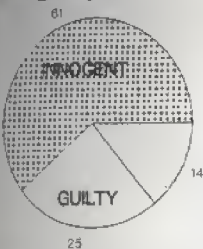

"I'm in between, there are times when it's understandable (rape, when too old and can cause the baby to have problems) and there are times when it's not (careless- pay the consequences)."

12. Should David Duke be allowed to run for president, regardless of his past record?

"Yes, everyone has the right to run, however the people should realize what harm he has done. If he is not able to run, we are no better than the communists." — Adam Bart
 "No, a hate so strong, that he had, just doesn't DISAPPEAR just like that."

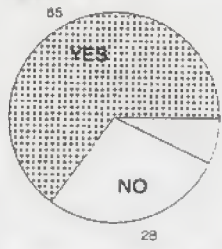

13. Do you believe Clarence Thomas is innocent or guilty?

"Innocent, I feel if he really did that, then the woman would have charged him then and not six or seven years later."

"Guilty, there was just too much detail in the victim's testimony."

14. Did the USA have a right to participate in the Gulf War?

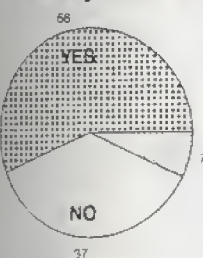

"Yes, we let Hitler invade Austria and Czechoslovakia and did nothing. By the time he invaded Poland, he already had so much power it took six years and several countries to bring him down. If we let Iraq stay in Kuwait it could have turned into another world war."

"No, we have no money for our homeless, our taxes always go higher, yet, the US spent billions of dollars in six months time on another country."

"The US had the right, but it should have been only people who wanted to fight."

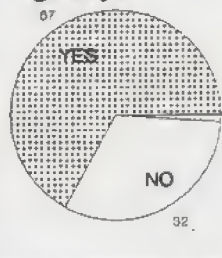

15. Did the press coverage of the William Kennedy Smith trial had an effect on its outcome?

"Yes, not only were the proceedings over-rated, the selection of the jury was extremely difficult due to the world-wide coverage."

"No, it had no direct effect on the outcome of the case, since the jurors had no access to press coverage. 'The word 'Kennedy' had an effect on its outcome."

16. Should the speed limit be raised on major highways?

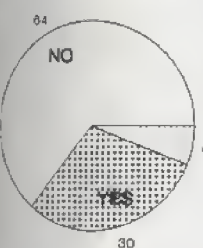

"Yes, I can't drive 55. I feel the need for speed." - Vic Serabian

"No, if all laws could be changed merely by breaking them, what would be the point?" — Karen Wood

"No, 'cause there are too many lives being taken." - Teenah Houston

17. Should music be rated like movies?

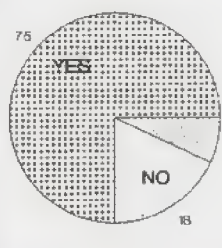

"No, freedom of speech, you are only listening, not watching. We hear swearing everyday in the public, why can't we hear it in private?"

"Yes, there should be some warning for explicit words."

"Lately, music has gotten out of hand, therefore I don't know who would rate it." — Ian Marcotte

18. Do you believe in capital punishment?

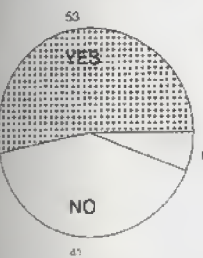

"Yes, why spend millions to keep filth alive, we should hang them on the green."

"No, if you kill a criminal you're doing him a favor. Let him suffer in some roach infested hole till he dies of starvation. That's the closest thing to justice."

"No, you can always kill the wrong person. One judge and fifteen jurors have no right to decide if someone should die!" — Tracy McElroy

"Do two wrongs make a right?"

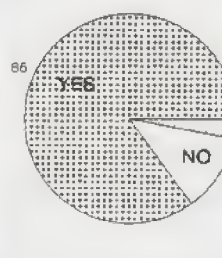

19. Do you believe in the welfare system?

"Yes, I believe in the basis but it's difficult to effectively screen eligible families."

"No, many people abuse the welfare system. They should be trained specific skills and given jobs. It's their responsibility to find some kind of work."

20. Should women be allowed to fight in combat?

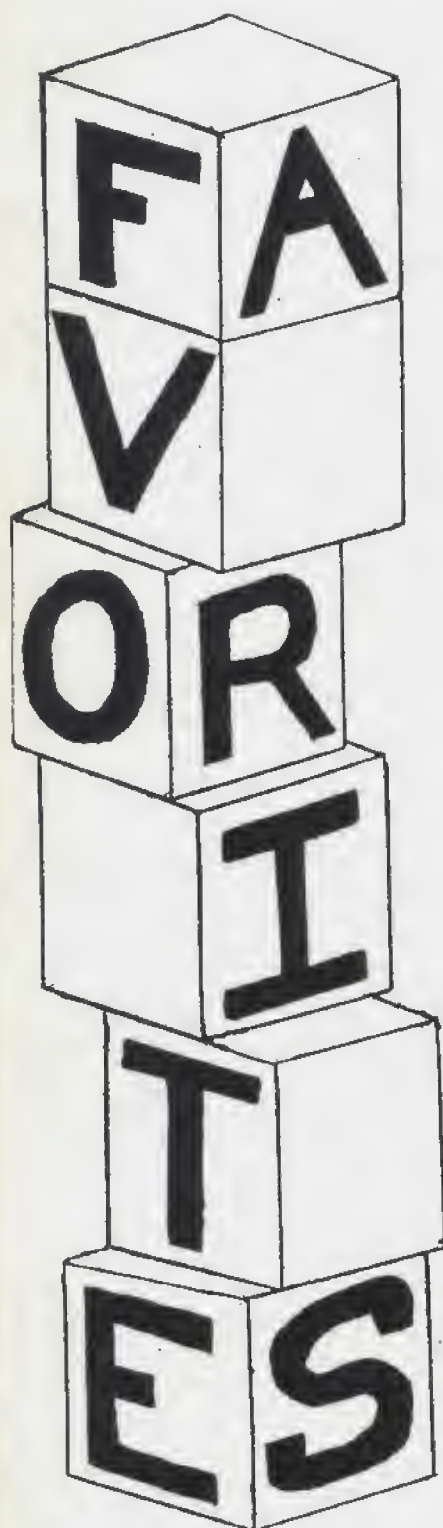

"Yes, there are plenty of women who could kick my butt and would do a better job on the battle field than me." — Steve Desroches

EVENTS

1990-1991 Iraq annexed Kuwait amid world protest. A combined UN force of thirty-one different nations, more than 800,000 troops, liberated Kuwait in one-hundred hours of battle. Of the 760 American casualties, 293 resulted in death. Thousands of Kuwaites and one-hundred thousand Iraqis were killed as well. The final cost of the war was sixty-one billion dollars, but the cost to the people and the countryside was beyond calculation.

1991 A failed coup attempt by Communist hardliners marked the end of an era for the Soviet Union. Gorbachev regained power only briefly, before yielding to Boris Yeltsin, the popular radical leader of the Russian Republic. The former USSR was left in a state of political turmoil, with the Baltic states gaining independence, and the remainder of the shattered country forming the Commonwealth of Independent States, with Yeltsin as their leader.

1992 The XVI Winter Olympics began on February 8 in Albertville, France. They were the first Olympics in decades in which countries newly liberated from Russia competed as nations, and Germany as a unified country. Many Caribbean nations made their first winter efforts as well, making this the largest Olympics in history. At the close of the games, Germany had the most medals, but the United States earned eleven, all five gold medals won by women athletes.

Spring of 1991 marked another successful year for the Tigers. Returning five starters to the lineup. Senior leadership was the key for success, along with a strong string of Juniors. The year began successfully for the number one ranked team in the state as they were the first to qualify for the state tournament with a 12-0 record. The Tigers ended the regular season with a 22-2 record. However, the end of the regular season marked only the beginning for this team. The Tigers had two strong victories against Needham High and Boston College High. Congratulations to the 1991 South Seasonal Finalists finishing with an overall record of 25-3.

The Tigers' basketball team finished the season with a record of 7-13. Senior captains, Ryan Alger and Joel Nadeau paced the season along with juniors, Brian Cunningham, John Martins, and Keith Aldrich. The Tigers trampled their cross-town rival, Coyle-Cassidy, twice this past season. The team also entered the state tournament, but were unfortunately stopped in the first round. With three returning starters, the Tigers should have a solid base for future competition.

It was a bitter season for the lady Tigers as they finished with a 3-17 record overall. Winning their first game of the season, the Tigers had great hopes. Unfortunately, these hopes did not become realities. However, improvement throughout the season was evident. The Tigers broke a nine year losing streak as they defeated Coyle-Cassidy in their last scheduled game of the season 59-48. For the first time in history, the Tigers entered the state tournament. Hopefully next season will also be an improving one.

1991 was a rebuilding year for Coach Pat McKenna's Tiger Cross Country Team, who posted a 1-7 record. Despite this, the Tigers had strong showings in sophomores Carl Cahoon, Sean Jack, and Senior Captain Steve Desroches. All three ran in the State Meet and enjoyed success at this years O.C.L. Meet.

Although the Tigers field hockey team had a tough season with a final record of 1-8-3, they kept their Tiger spirit alive throughout, constantly going out and giving their best effort. With a victory over Plymouth High School, the Tigers faced Bridgewater-Raynham, state tournament qualifier, with a great deal of confidence and gave the Trojans quite a scare. This season's team, led by senior captains Michele Figueiredo, Amy Kvilhaug, and Christy Warish, was predominantly inexperienced. Next season the Tigers are sure to pull through with a winning record.

After losing twelve seniors the previous year, Head Coach Bob Lane had his hands full building a competitive team for the 1991 campaign. Only two senior lettermen returned, three year starting quarterback Eric DeMoura and third year cornerback George Lopes. Fortunately for Coach Lane, eleven seniors arrived to provide excellent leadership and motivation. They were third year linebacker and Old Colony League All-Star, Ryan Langhurst, two year wide receiver Dave Lemasa, Matt Brennan, Dylan Randall, Andre Germanos, Barrett Henshaw, Glendon Shurtleff, Bob Pacheco, Joe Marques, Josh Thompson, and Louie Mardi. The junior delegation also contributed to the winning cause repeatedly with the likes of Old Colony League All-Star, A.J. Viera and sensations Brian Cunningham, Dave Stratton Neil Raposa, Eddie Razar, and Kevin Boyle.

The Tigers felt secure that a senior run at the old Colony League title could be made. Despite a rugged rushing attack and a rigid 1500 yard passing attack, the Tigers fell short of their goal, finishing with a 3-8 record. Although their overall record seemed nothing better than decent, the players will always remember the 34-8 shellacking imposed on cross-town rivals Coyle-Cassidy.

It was a good season for the Taunton High School golf team with a record of 7-4. The team tied for third place.

Leading the team was junior and captain Keith Aldrich. Other strong golfers were Mike O'Brien and Chris McGann, who are both members of the Class of 1992 and four year team members. Chris was awarded the team's Most Improved Players Award. Among the strong underclassmen were two girls, Michelle Anderson and Rebecca Doyle.

The 1991-92 ice hockey season was a disappointing one for the Tigers, but the future seems bright, losing only five seniors to graduation from its 7-12-2 team. Although the overall record was sub par, many of the players had excellent seasons. Led all year by the strong 1-2-3 scoring punch of Rick Nadeau, Nelson DaRosa, and Barrett Henshaw, these three combined for over 120 points. Brian Tuggle, playing in his first season, contributed greatly to the Tiger cause, tallying some timely points and adding some muscle to the Tiger attack. Bob Pacheco and Jon Freeman led the improved defense and along with Rob Mims and Kurt Lovell, they kept opponents away from the Taunton net. Tom Fillipovich did a strong job tending to the net. With a string of strong underclassmen and the return of the injured Jeff Gallagher, the coaches and team are enthusiastic about the upcoming year.

It was an unfortunate season for the Tiger soccer team, finishing with a record of 1-16. However, the Tigers beat their cross town rival, Coyle-Cassidy, 4-3, for the city championship. Taunton High School has a strong reputation for producing some of the most competitive softball teams in the state. This was true again for the Tigers in 1991. After becoming O.C.L. champions and qualifying for the state tournament with a regular season record of 19-1, the Tigers continued their quest for the championship. After beating Barnstable, New Bedford and Durfee, the Tigers captured the Division I South Championship for the first time in T.H.S. history. The Tigers finished the season 23-2 with a great sense of pride and accomplishment.

Coach Peter Sanchioni

During an erratic 3-6 season, the Tigers still had some bright spots on the team. The Tigers were led by Senior Tri-Captains Matt Kroll, Matt Friary and Brian Tinkham and Juniors Steve Desroches and David Lemasa. Kroll placed 5th in the 100 Meters and Lemasa placed 4th in the 110 Meter High Hurdles at the State Class "A" Meet. Steve Desroches led the Tiger distance team while Carl Cahoon won the Freshman Mile at the South Shore Principals Meet. The Decathlon Team of Lemasa, Kroll and Tinkham won the All-State title, beating runner-up Brookline by over 500 points with a total of 16,680 points. Named to the O.C.L. All-Star Team were Kroll (Javelin), Lemasa (Hurdles, Triple jump), and in the discus, Matt Friary and Brian Tinkham.

Domonique and Christina show their speed in the 100 meters.

Although the Tigers had a tough season with a final record of 1-7, they had numerous state qualifiers. The following girls competed in the state meet; Co-Captains Carol Mulcahy, Christina Raymond, and Julie Moreau, along with sophomores Lisa Raymond, Linda Baptista, Valerie Stafford. The freshmen were represented by Becky Pina, Domonique Walton, Corey Cornell, and Jenna Shearstone. The Tigers had a strong sprint relay team and performed well at the Falmouth Freshman-Sophomore Invitational. With a solid nucleus returning, the Tigers should have a successful 1992 campaign.

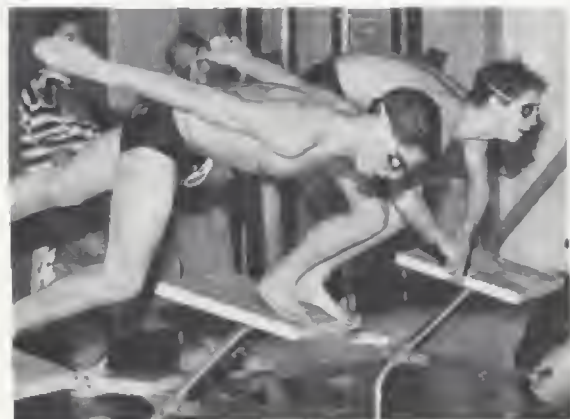

CO-ED SWIMMING

1st row: Jen Lewry, Becky Bullock, Jessica Nixon, Josh Hayston, Chris Chandler, Zack Brines, Nikki Ouellette, Joy Morin, Kelsey Koehler, Sanya Hyland
2nd row: Kelly LaBelle, Sue Teixeira, Amy Velon (Captain), Matt DePonte (Captain), Jeanie Lovell, Anna Brines, Kendra Ashcroft

Amy pushes herself to beat the opponent.

This was the first year the THS swim team swam co-ed against all boys teams in the Pilgrim Conference League. The team was led by captains Amy Velon, Matt DePonte, and Coach Robert Dutch. The team's record was 1-6, but there is hope for the coming year because of new additions to the team, Becky Bullock, Josh Hayston, Sanya Hyland, Kelsey Koehler, and Nikki Ouellette. This was Kelly LaBelle's first year diving, and she shows much promise. Many of the team members did well enough to qualify for sectionals.

Matt is pleased with his performance.

BOYS' TENNIS

The Taunton High Boys' Tennis team strived in practice, followed their coach's instructions and concentrated in matches. Unfortunately the team did not have enough luck or experience to defeat any of their opponents. However, much of their team will be returning for the 1991-1992 season. They are Ryan Alger, Paulo Silva, Shawn Lopes, Sean Jack, Ben Levesque, John Peupa, and Brian Pelczarski. Good luck next season Tigers!

Although the Taunton High School Girls' Tennis Team did not win many of their matches, it was their best season in four years. The strength was in the doubles teams, Chelle Langhurst and Kasia Zagorski, along with Joey DaCosta and Michelle Bousquet. The singles players Renee Cortemarche, Jeanie Lovell, and Cheryl Hedlund, as tough as they were, just could not get by their even tougher opponents.

BOYS' WINTER TRACK

Coach Sanchioni's winter track team showed improvement in 1991, posting a 5-2 record, besting last year's 5-3 fourth place finish, and finishing third in the OCL this year. Tri-Captains Lemasa, Lopes, and Desroches led this year's squad. Lemasa was a league leader in the fifty high hurdles and high jump, while Desroches was a strong contender in the Mile Run and 4x440. Lopes had the teams' 600 runners and anchored the 4x440 relay. Juniors Mendoza, Pfeil, Battista, Lucier, and Larson were also big contributors. Lemasa and Mendoza were both named to the OCL All-Star team in the hurdles and fifty respectively. At the State Coaches Meet at Harvard, Lemasa finished sixth in state competition.

GIRLS' WINTER TRACK

Back row: Lisa Raymond, Kendra Snook, Rachele Botso, Carol Mulcahy, Erica Bell, Christina Raymond, Jeusome, Erin Pimenta
Front row: Jenna Shearstone, Julie Bracken, Dominique Walton, Rebecca Pina, Heather Taylor, Korey Bell, Jasmine Tanguay, Katie Lewry, Rebecca Larivee, Blanca Estevan, Coach Corr

This was definately a rebuilding year for the Lady Tigers. Their only victory coming from a huge one over Coyle-Cassidy. However, the team showed great individual achievements. With the loss of Tri-Captain Christina Raymond to injury, Tri-Captains Erica Bell and Carol Mulcahy picked up the slack. Bell lead the League in the 300, while Mulcahy was a strong opponent in the 600. Bell placed second in the 300 at the Class A State Meet, and placed third in the All-State Meet. Other strong competitors included Lisa Raymond, Dominique Walton, Jasmine Tanguay, and Jenna Shearstone.

Rebecca jogs the track.

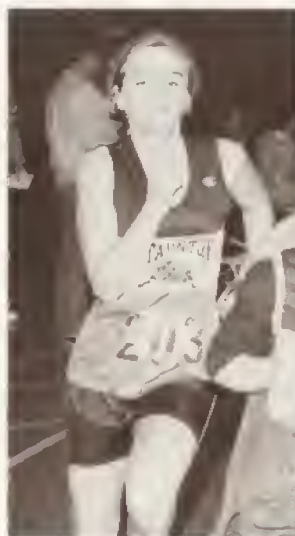

Carol prepares for the starting gun.

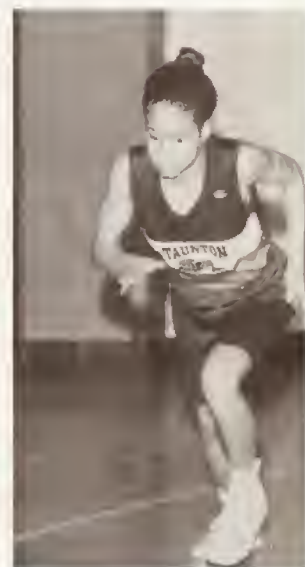

Dominique rises for the high jump.

Jasmine moves at full speed.

Lisa races to the finish.

Erica is in motion.

ACKNOWLEDGEMENTS

As editors of the Taunton High School Journal, we would like to thank the many people who helped us to produce this forty-third edition. We would first like to express our gratitude to our dedicated advisors, Mr. Elvio DeSousa and Mr. Donald McKinnon, for helping to make possible what we often thought was impossible. They deserve credit for taking time out of their extremely busy schedules to assist us in our times of need.

We would also like to thank our hard-working staff members, who have spent many hours in the yearbook room, often sacrificing their valuable time to finish pages and meet deadlines.

Mrs. Sonia Miles, our account executive, and Mr. Conrad Schmidt, our Taylor representative, deserve credit for answering our many questions without hesitation.

In addition, we would like to acknowledge all of the people who went out of their way to make our task less difficult: Mr. Martin and Mrs. Kelly, for giving us access to computers and supplies, Mrs. Jordan, for loaning us the printer, Mr. Jackman, for helping us make decisions, Mrs. Masterson, for supporting us at all times, Mrs. Trow, for receiving phone calls, and Mrs. Nunes and Mrs. Arruda, for adjusting to their new neighbors and for opening doors.

The editors would like to extend gratitude to the senior English teachers: Mrs. Charest, Mr. Flynn, Mr. Januse, Mrs. Matthews, and Mrs. McConville, for taking time out of their classes to distribute multiple surveys and questionnaires.

We are grateful to our patrons and business sponsors, for making this publication financially possible.

Finally, we would like to thank our parents for bringing us food, giving us rides, and putting up with us. Without you, none of this would have been possible.

IN CLOSING. . .

We would like to wish the best of luck to the Class of '92. We present to you our year's work, in which we have tried to preserve four years of memories. This *Journal* was produced not only for today, but for ten, twenty-five, and fifty years from now. Only you can decide where the future will lead you, but wherever you go, we hope that this book will serve as a vivid reminder of this *vital* time in your life.

To the undergraduates, we hope you find included in these pages evidences of Taunton High School's diversity and *vitality*. For the rest of your time here, make yourself a *vital* part of your school and community. By participating, voicing opinions, and having pride in yourself and your school, you will serve as a *vital sign* to the world, that good things happen at Taunton High School.

COLOPHON

The *Journal* XCIII is an 8 1/2 x 11 inch book with 375 copies in print. The 232 pages that comprise this book are made of eighty pound enamel paper, with a binding set-up of an eight page gate fold. The endsheets are gray parchment.

The cover was designed by Susanna Shafer and was developed by Amy Velon. It was made with a custom designed silk screen. *OPUS* was the type used for all headlines and body copy.

The total production cost was approximately \$21,000. The cost to produce each yearbook was \$56 and each book was sold at a price of \$40, with the cost defrayed by advertisements, patrons, and other fundraisers.

The *Journal* was published by Taylor Publishing Company. Dodge-Murphy, Incorporated was the official photography company. Mr. Elvio DeSousa, students, and staff also contributed.

The *Journal* room was S-106. All layouts were done on an IBM-PC II computer and printed on an Epson II printer. Some artwork and copy was done on Macintosh and Apple IIe computers.

All reusable yearbook materials were recycled.

The production of this book would not have been possible without the work of thirty-five *Journal* staff members, the advisor, Mr. Elvio DeSousa, the financial advisor, Mr. Donald McKinnon, Taylor Representative, Mr. Conrad Schmidt, and Account Executive, Sonia Miles.
